# MASTERCLASS HIGH GLOSS PHOTO PAPER 330

glossy 4841, 330 g/m<sup>2</sup>

## Technologies

Erstklassiges Fotopapier für Hochglanz-Fotoanwendungen

Hochglänzend und scharf bis ins feinste Detail. Das MASTERCLASS High Gloss Photo Paper 330 besticht durch eindrucksvollen, homogenen Glanz, perfekte Kontraste und eine exzellente Farbwiedergabe. Graustufen und Farben werden differenziert und Hauttöne natürlich wiedergegeben.

## Advantages

- High maximum densities ensure brilliant colours and optimum contrast
- High resolution guarantees razor-sharp prints
- Very good long-term stability
- Completely odourless
- Wipeable and splashproof
- Instant dry

## General tips

The ideal storage conditions are a relative humidity of 35-65% and temperatures of 10-30°. Lamination is recommended to secure long-lasting unchanged image quality because catalytic processes initiated by atmospheric components deteriorate dye colors with time (not valid for pigments). We recommend that cotton gloves are worn to prevent the transfer of dirt, moisture and oils from the skin, as these can greatly impair the print quality.

## Physical data

Name	Value	Norm
Weight [g/m <sup>2</sup> ]	330	ISO 536
Thickness (paper) [μm]	275	ISO 534
Opacity [%]	> 98	ISO 2471
Gloss (60°)	24	ISO 2813
Chromaticity (D50/2°) M0	L* 93.5 / a* 1.8 / b* -6.6	ISO 13655, M0

The values stated above are only for orientation. Before using our print media please check its compatibility for your printer and the intended application. We cannot be held responsible for any mistakes resulting from technical changes in the printing process and with printing components. Product design changes to our products technical developments may be carried out without prior notice.
