GeraFold Pro-line

Off-line folders & trimmers program designed to satisfy the needs of demanding professionals looking for flexible solutions able to meet a variety of specifications from CAD, Graphic plots to Maps or letters. **GeraFold Pro-Line** provides folded documents meeting all requirements. Some models allow trimming operation with the same equipment maximizing investment, space and productivity.

Off-line wide format folding solutions for demanding Professionals

- **Off-line Professional folders with trimming device option**
- **Suitable for any need of finishing: CAD drawings, Maps or Graphics**
- **Pre-set programs or free folding set up thanks to intuitive Touch Screen control board**

New design, rounded edges, elegant shapes and colors for a complete line of Desktop or Freestanding folders conceived for office environment

GeraFold 206

Desktop folder designed to fold documents into A4/A (210x297). With a small budget and minimal space occupation it is possible to handle folding operation in house being able to face picks of work without spending extra time folding your documents by hand.

GeraFold 212

Freestanding professional equipment designed to fold 8 styles including 2 Map patterns, tri-fold graphics at unlimited length at 12 m/min speed. Gerafold 212 represents the best price-performance combination for those organizations looking for a versatile solution
Option: Trimming device

GeraFold 218

Freestanding professional folding equipment designed to fold in 12 styles plus unlimited Map patterns. Unlimited copy length at 20 m/min speed. Gerafold 218 with extra large table (foldable to reduce space) and **touch screen** control, represents the best option for those who are looking for a versatile and highly productive solution.
Option: Trimming device

GeraFold 218 Cut

Freestanding professional folding & Cutting equipment incorporating all features of GeraFold 218 offering the possibility to trim documents into standard configuration. A unique **all-in-one** solution which allows multiple job within the same space.
**Trimming Device: Standard**

Round edges   **Large foldable table**   **Touch Screen**   **Trimming device**

Smart innovation generated by experience!

Gera is conducting R&D with focus on creating value from a customer use approach. Thanks to technology and smart ideas, new tools have been introduces to support precise folding and additional features, such as:

On board Manual Trimmer

The manual cutter has been designed to allow trimming of documents while folding. The A4/A package is obtained as follows.

1. **Trim** the copy lead and trail edge
2. **Fan fold** the trimmed document
3. **Trim** fan-folded package side edges
4. **Cross fold** to obtain A4/A package

Key benefits

- **Space:** trimmer & folder within the same footprint
- **Efficient workflow:** next trim can be handled during folding process
- **Investment:** one product instead of two to be purchased at the same time or added later
- **Ease of operation, installation (15')** and handling
- **Trimming width**: unlimited
- **Media**: 60 to 200 g/m²

Touch Screen

The new Touch screen control allows:

1. **Easy** job set-up
2. **Full Customization** of folding styles
3. Folding quality adjustment according to media type
4. Video tutorials for **installation** and **service** procedures
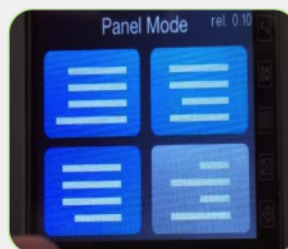

Key benefits

- **Easy** use and troubleshooting support
- **Versatility:** full customization of Map & Graphic fold
- **Quick set up:** folding programs, panel mode and styles are quickly and easily adapted to requirements
- **Innovative:** easy to navigate thanks to self-explanatory graphic commands
- **Useful remote support** for technical engineers

GeraFold 206

- Desktop unit can be easily placed on an a desk
- Folds any document into A4/A package
- Folding speed:4.5 A0/E per minute
- Suitable for any professional office

Compact desktop solution

Desktop folder designed to fold wide format documents into A4/A letter size. With a small budget and minimal space occupation it is possible to handle folding operation in house being able to face picks of work without allocating extra time to fold documents by hand.

Main Characteristics

- Professional folder for engineering offices.
- Exceptional price/performance ratio
- Outstanding fold precision
- Fan fold & cross fold in 2 steps
- Maximum fan folding length 2,5 meters
- Cross folding up to 2 folds
- Plug & play device, easy to use & maintain
- Silent and Reliable

Features	
• **Speed**	6 m/min 4,5 A0/min
• **Process** folding	Fan and cross in two steps
• **Fan Step**	210 mm
• **Cross Step**	297 mm

Technical requirements	
• **Copy:**	
• **Length**	min: 410 mm max: 2,5meters
• **Width**	min 297 - max 920mm
• **Plain paper**	75-90g/m²
• **Weight**	56 kg
• **Dimensions**	400x1140x400 mm
• **Power**	230/115Vac 125 W

GeraFold 212

- **Freestanding** folder on wheels with **2 collection baskets**
- Folds documents of **unlimited length** precisely
- **Versatile** solution folds CAD documents, Graphic Plots, Maps and A4/A into tri-fold
- Unique solution with **trimming option**
- Adjustable Folding speed: up to 9 A0/ E size /min.
- Suitable for any professional office or Reproshop

Free-standing Pro solution

Versatile folder that provides wide format CAD, Graphic documents and Maps automatically folded in a variety of formats. The new design with rounded edges, the support with wheels and the possibility to add a trimming device makes this product unique

Main Characteristics

- Professional folder for wide format documents
- Perfect for engineering offices and print shops
- Productive with outstanding fold precision
- **3 feed speeds set-up** to secure the introduction of the document while keeping the maximum speed in the folding process
- Precise unlimited fan folded length by module of 4 meters
- **Special Fold** programs such as A4/A TriFold, MapFold and a wide fold-panel range
- Fan fold & cross fold in 2 steps
- Cross folding up to **3 folds** and thickness up to 8 panels.
- Silent and Reliable Plug & play device
- Trimming device **option** to be installed in 15'

Features	
• **Speed**	Adjustable 6, 9 and 12 m/min 9 A0/min
• **Process** folding	Fan and cross in two steps
• **Fan Fold**	210/190 /297mm
• **Cross fold**	297 / 300 / 305 mm
• **Margin:**	20 mm / 30 mm / 35mm

Technical requirements

- • **Copy:**
  - • **Length** min: 410 mm - max: unlimited
  - • **Width** min 270 - max 920mm
- • **Plain paper** 60-110g/m²
- • **Weight** 78kg
- • **Dimensions** 630x1140x970mm
- • **Power** 230/115Vac 125 W

Trimming device Option

GeraFold 218

- **Freestanding** folder with 2 collection baskets
- **Large table** to support constant workflow
- Space saver **tiltable table**
- Suitable for a wide range of folding requirements
- Folds documents of **unlimited length**
- Unique **touch screen** control board
- Folding speed: **15 A0/E size per minute**
- Suitable for any professional office or Reproshop

Versatility, Performance & productivity

- **Variety of folding modes, styles, programs and customization by Touch screen control**
- **Possibility to handle a wide range of media (graphic & CAD)**
- **Efficient uninterrupted operator's workflow**
- **Manual Cutting device option allowing trimming of documents**

A smart off-line solution for wide format documents. Comfortable table support while folding but very compact when not in use!

Main Characteristics

- **Superior productivity** thanks to the large table designed to support uninterrupted operator's workflow at 15A0/E size per minute
- **Professional Folder** for small & wide format documents, B&W and full colour prints
- **Customizable folding** programs & styles for special requirements by **Touch Screen**
- **Precise unlimited fan folded length** by module of 4 meters
- **Cross** folding up to **3** folds and thickness up to 8 panels.
- **Silent and Reliable**

Features
• **Speed** 20 m/min 15 A0/min
• **Fan Fold** 185-190-198-210-220-297 mm 7"-7,5"-8,5"- 9"-10"-11"
• **Cross fold**
• 105, 210, 297, 300mm
• 8,5"(216),9" (228),11" (279),12" (305)
• Margin: 0 - 30 mm Customizable
