

HP Recycled¹ Removable Adhesive Fabric, 3-in Core (Latex/solvent)

The HP large format printing system—the complete solution

HP large format printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide uncompromising image quality, reliability, and consistency—with every print.

Print high-quality, repositionable graphics that stick to non-porous surfaces

Easy-to-install, reposition, and remove

Enjoy the ease of working with this repositionable adhesive-back fabric that is easy to install, reposition, and remove with virtually no residue. The special adhesive is designed to stick to non-porous surfaces to create seamless, photographic image quality wall and floor graphics.

Made with recycled water bottles² and coating materials

This adhesive fabric is made with recycled water bottles² and coating materials. Recycling beverage containers (and other materials) saves energy, reduces greenhouse gas emissions, and diverts material from landfills.³

Grab attention with vibrant image quality for a variety of applications

Capture realistic graphic detail for applications from wall murals and event signage to retail displays. Achieve a high-quality look with this versatile, easy-to-handle, repositionable self-adhesive fabric—ideal for a wide range of indoor and outdoor applications.
