Neschen AG

Preconditions:

All materials of this quality certificate are designed and manufactured under ISO 9001:2008 by Neschen AG in Germany. The Neschen AG grants removability for these components within 2 months, if applied according to the technical bulletin and processing instructions. All tests conducted under controlled climatic conditions; 23/50-2, DIN 50014. Neschen AG provides its full support to the total replacement of the materials at no cost whenever a certain product failure occurs.

Complete details of the quality certificate are provided in the technical datasheets and instruction bulletins on the homepage: www.neschen.com.
