SureColor SC-T3100M-MFP - Wireless Printer (without Stand) 240V

Compact and affordable, large format 24-inch printer with integrated scanner.

The SC-T3100M is an easy to use, 3-in-1 solution (print, copy and scan) which offers convenience, straightforward maintenance, and easy media and ink replacement. The simple, unobtrusive design and small footprint enable the device to be placed seamlessly into most working environments and make it easy to transport.

Multi-functional
This 24-inch large format printer has been designed for accuracy and precision. Print and scan technical, architectural drawings, retail posters and general documents, in great detail, with ease. The SC-T3100M features an integrated 600dpi CIS scanner that accurately replicates documents (up to 2.7 metres) into different formats and sends them securely to various destinations, as well as scaling original copies .

Secure scanning
The SC-T3100M supports file data encryption: users are able to scan to file, secure mail, or secure server.

Cost effective
Epson offers two ink cartridge sizes that are designed to match customers' needs: whether a low volume, occasional user or those with higher production demands. The SC-T3100M also uses pigment-based inks for colour stability, water resistance and archival quality.

Reliable
Includes unique Nozzle Verification Technology (NVT), which helps prevent misprints, and dust prevention technology. Whether you're a regular or occasional user, each print, scan or copy will be reassuringly accurate – time after time.

KEY FEATURES

- **Multi-function 24-inch technical printer**
  3-in-1 solution (print, copy and scan)
- **Understated ergonomic design**
  Discreet design to suit most environments
- **Control and productivity**
  Epson Cloud Solution PORT
- **Connectivity**
  Built in Wi-Fi, AirPrint, USB/LAN
- **Security**
  Scan encrypted data files to secure locations
