SOLVENT PHOTO PAPER PE 240

glossy 3454, 240 g/m²

Premium PE coated photo paper for poster and photo applications

This PE coated, glossy photo paper is ideal for all high gloss advertising and photographic prints for indoor applications. In addition to its use with solvent ink printers, this paper also delivers outstanding results with latex and UV ink systems. Prints impress with high brilliance, a homogeneous gloss and quick drying times. The splashproof coating ensures a particularly durable and scratch resistant printed image. This high quality, stiff base paper also makes it possible to produce prints for long-term indoor use without lamination.

Advantages

- Excellent colour reproduction
- Homogeneous gloss in printed and unprinted areas
- High quality, stiff base paper
- Waterfast and durable surface finish

General tips

To maintain the high quality of the paper, it should be stored and converted in a climate of 30 – 65 % relative humidity and at temperatures of 10 – 30 °C (50 – 86 °F).

Physical data

Name	Value	Norm
Weight [g/m ²]	240	ISO 536
