

# Free Servicing for One Year

Buy the Xerox 6204, 6604 or 6605 from the UK's leading independent supplier of Xerox wide format equipment and receive one year's free servicing!

## Xerox 6204, 6604 or 6605 free service offer

### Terms of offer

One years free service is based on a maximum volume of 500 A1 prints per month, the free service entitlement therefore includes the throughput volume associated with 6000 A1 prints during the first year from date of install (normally charged at 17p per linear meter, exclusive of consumables)

Free servicing is inclusive of the standard £96 per quarter charge for the first 12 months

During the 12 month free service period you agree to purchase consumable items for the Xerox 6204, 6604 or 6605 through our plot-IT website - at our published website rates (which are always competitive)

Our standard service terms and conditions apply and you will be required to sign a standard service contract, after the end of the free service period you agree to continued service for a minimum period of at least one year at the standard rates which are subject to annual review (ordinarily increases do not exceed 5% and are capped at 10%) Payments are made by Direct Debit with the standing charge payable quarterly in advance and throughput volumes quarterly in arrears.

We will request that each quarter you provide a meter reading; should you exceed the free of charge throughput volume during the promotional period, we will begin billing for the over use immediately - this is the total volume and not not the quarterly average of 750 square metres.

Any faults or defects that are caused by misuse or due to accidental damage are not covered during the free period - as per the standard terms. Toner is purchasable from us during the free period.
