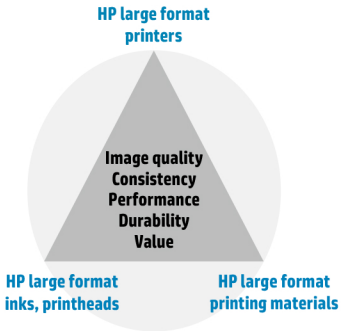
# HP Professional Gloss Photo Paper

www.plot-it.co.uk

**The HP large format printing system—the complete solution**

HP Latex printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide reliable, consistent results with every print.



## Experience outstanding, heavyweight, resin-coated photo paper for photographic printing

**Enjoy high-performance photo printing**

Now you can print high-end photography, posters, and retail graphics for either custom or high-volume projects with your HP Latex printer on this versatile resin-coated photo paper.

**Move quickly and efficiently through production**

There's no need to wait; print and deliver to provide quick turnarounds for your customers. This heavyweight photo paper (275 g/m$^2$) also provides increased stability for handling high-volume production.

**Achieve spot-on, dynamic color**

The bright-white finish provides a high dynamic range and a wide color gamut for color-critical, eye-catching reproductions on a gloss finish.

| Target customers | Applications | Benefits |
|---|---|---|
| Point-of-purchase providers | Photo enlargements | Prints come out completely dry, enabling production printing |
| Trade show and exhibit companies | Art and décor reproductions | Heavy, thick construction for easy handling |
| Photo and art reproduction houses | Point-of-purchase displays | Wide color gamut and bright-white surface |
| | Trade show and event displays | FSC-certified paper[1] |
